Westside Boiler Invasion Robotics Team (FRC 461) will compete in their World Championship.

Number of instructional minutes lost: All day 4-18-22 to 4-22-22 – Bus TBD

Describe the specific educational goal(s) or state standards that this activity will help students attain.

Students will gain first hand and workplace applicable experience in Industrial Design and Computer Science by constructing a fully automated and functional device (robot). Students will maintain and operate their pre-constructed device in real-time competition and cooperation with other teams. Students will complete mechanical operations and programming goals set by FIRST Competition Organizers.

Describe how this activity will help attain school improvement goals.

In addition to the above, students will cooperate and compete with teams from other schools, fostering inter-school comradery and gaining valuable, interpersonal networking experience!

Describe why this activity cannot occur without interrupting the instructional day.

The competition starts on Tuesday 4-19-22 and runs through Sunday 4-24-22

For overnight trips: Describe why this activity cannot occur without an overnight stay.

Competitions are held on multiple days at a venue too far from West Lafayette for a feasible daily commute.

Method of Transportation: Mini bus(es) _____ Driver(s) _____
