3120.08 - EMPLOYMENT OF PERSONNEL FOR EXTRACURRICULAR ACTIVITIES

The School Board may find it necessary to employ members of the professional staff as coaches or activity sponsors. The Board authorizes the Superintendent to recommend candidates for employment by the Board.

All coaches and athletic activity sponsors shall be trained and certified as required by the Indiana Code 20-26-14-8 and 20-26-14-9 and IHSAA standards for the health and safety of the student-athletes.

A head coach or assistant coach of an athletic activity, marching band leader, or sponsor of an extracurricular activity in which students have an increased risk of sudden cardiac arrest as determined by the Indiana Department of Education (IDOE) shall complete the sudden cardiac training course offered by a provider approved by the IDOE. The coach, marching band leader or extra-curricular activity sponsor must complete this required sudden cardiac arrest training prior to coaching or leading the activity.

The Superintendent shall require that each person employed as a coach or athletic activity sponsor is qualified, has cleared a background check required by State law and Policy 3121 or Policy 8120, and has received the training required by State law and this policy.
