RE: Transportation Agreement with Tippecanoe School Corporation

We have been working with Tippecanoe School Corporation (TSC) on the renewal of our Transportation Service Agreement for 2024-2026. The proposed agreement is included in your board packets.

TSC has not suggested any changes to the current Transportation Agreement for renewal. We will, however, have one additional bus once it is delivered, so the flat annual fee will be more expensive by one bus. TSC is willing to prorate the fee for that bus based upon when we actually receive it. We will pay a flat fee of \$4,625.00 per bus annually that covers electrical hookups if needed, the wear and tear of TSC equipment in servicing and maintaining the buses, administrative overhead, the use of a spare bus if needed and professional and technical support. We also pay for the actual cost of maintaining the buses including fuel, supplies, repairs services and labor. This agreement is cost effective for the school district due to the fact that we do not have a transportation barn nor our own mechanics.

Please place this item on agenda for the May 13, 2024 board meeting. Let me know if you have any questions.
