Re: Summer School 2024

Our central office administration seeks approval to enter into a contract with Indiana Online Academy for services offered for summer school.

1. Indiana Online Academy (IOA) is a second choice for summer school and is used in situations when AVE does not offer a course needed by a student; counselors work with students and families individually to determine when IOA would be appropriate. AVE is the first choice as it is at no cost to families or the district; AVE does not require a contract. As per the IOA contract, the WLCSC pays IOA directly and seeks reimbursement through the State and through the use of local funds.
2. The WLCSC will seek reimbursement from the IDOE for summer school programs for which we incur costs. Contingencies will be verified to meet IDOE deadlines for the submission of our Summer School plan.
3. The Indiana Department of Education reimbursed WLCSC's costs at a rate of 79% for the 2022 program and approximately 60% for the 2023 program from the state's summer school appropriation. The IDOE final reimbursement rate for 20243 will be determined at the conclusion of summer school.
4. ESSER III learning loss funds have been expended and are no longer available for the costs of summer school.
5. A consensus could not be reached on terms for continuing the Social Studies summer school pilot when balancing teacher, cost and family/student concerns, but we have indicated to teachers that we remain open to offering local WL summer school options for the future if consensus can be reached.
