DATE: March 5, 2025 (March 10, 2025 Board Meeting)

RE: Athletic Complex Football Field Light Replacement

The lights at the Athletic Complex Football Field have recently been identified as needing replaced. We included the replacement cost on the 2025 Budget Capital Projects Plan (District Lighting Upgrades) as well as on the GO Bond project list. This is just a replacement of the lights themselves on the existing poles.

Mr. Daily recently secured three different quotes for light replacement from Hellas Construction, Huston Electric, and Electric Plus. Huston Electric provided the lowest quote at \$149,700 which is just slightly higher than the estimated cost of the purchase on the GO Bond Project list. We also estimate receiving an electric rebate from Duke which will lower the total cost of the purchase.

Due to Huston Electric providing the lowest quote, I recommend approving the lighting replacement purchase with Huston Electric. Please place this item on the agenda for March 10, 2025 so that the lights can be ordered and replacement be scheduled prior to football season. If you have any questions, please don't hesitate to let me know.
